

Expense Reimbursement Policy

Acme Corporation · Finance · Effective January 1, 2026 · Document ref: FIN-EXP-2026 · Supersedes FIN-EXP-2025

1. Purpose

This policy governs how employees submit and get reimbursed for business-related expenses, and defines the approval chain required at each spending level.

2. Approval Thresholds

Expense amount	Required approval
Up to \$500	Direct manager
\$500 – \$5,000	Department head
Over \$5,000	VP and Finance approval

Expenses over \$5,000 require sign-off from both a Vice President and the Finance team before reimbursement is processed. This is a change from the 2025 policy — see Section 6.

3. Submission

All expenses must be submitted with itemized receipts within 30 days of the purchase date. Expenses submitted after 60 days will not be reimbursed except by special exception.

4. Non-Reimbursable Items

- Alcohol at non-client-facing meals
- Personal entertainment
- Traffic or parking fines

5. Travel

Economy class is standard for flights under 6 hours. Business class requires VP approval regardless of cost.

6. Change Log

Effective January 1, 2026, the VP+Finance approval threshold moved from \$3,000 (2025 policy) to \$5,000, to reduce approval overhead for routine team expenses.
